DETAILED ACTION

Response to Arguments

1. Applicant's arguments (1/25/11 Response: page 6, line 11 - page 7, line 23) with respect to the rejection of claims 1 & 15 under 35 USC §102 and the rejection of claims 14 & 26 under 35 USC §103 have been fully considered and are persuasive. Therefore, these rejections (and the objection to dependent claims 7, 9-10, & 21) have been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of 35 USC §112, first paragraph.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 1, 7, 9-10, 14-15, 21, & 26 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claims contain subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claims 1 & 15 (and hence dependent claims 7, 9-10, 14, 21, & 26) recited an element of "characterizing an input image information stream in accordance with the difference between the input image stream and a filtered image stream". The processing of the input image stream and the filtered image stream as described in the specification does not indicate that a difference between them is obtained and used to obtain such a characterization.

Allowable Subject Matter

4. Claims 2-6, 8, 11-13, 16-20, & 22-25 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter:

As noted above, Applicant's arguments (1/25/11 Response: page 6, line 11 - page 7, line 23) with respect to the rejection of claims 1 & 15 under 35 USC §102 and the rejection of claims 14 & 26 under 35 USC §103 have been fully considered and are persuasive.
